Profile

I'm an IT professional who enjoys coding and graphic design. With a Diploma in Information Technology and hands-on experience in building software and websites, I'm looking to apply my skills in a practical way. I've built an Employee Management System in VB 6.0 and a Phone Tracking System using Python and HTML. I'm all about solving problems and bringing my ideas to life.

Work Experience

Graphic Designer

Gesmart Enterprises, Naivasha
June 2021 – December 2024
Worked as a graphic designer for a printing and t-shirt company, where I developed skills in CorelDRAW and Photoshop to design custom prints for a range of products, including t-shirts, hoodies, and banners. This role involved collaborating with clients to understand their vision and creating high-quality designs ready for production.
